

## The Most Convenient & Secure Solution For Individuals to Receive Package Deliveries

Entrepôt is changing the way people receive package deliveries. We provide a network of **Secure Package Terminals** for individuals to conveniently and securely receive their on-line purchases.

## Benefits of the Entrepôt Secure Package Terminal Service

- Allows HOA or Rental Property to streamline the package management process and control cost(s).
- Insure package deliveries to a secure and convenient location.
- Eliminate missed delivery attempts and provides peace-of-mind to recipient.
- Immediate Text and Email delivery notification alert with access code.
- 24/7 Access for package delivery & pick-up.
- Package Terminal Systems equipped with 24/7 surveillance & remote monitoring.
- Subscription Based Service:
  - \$0.00 Capex to HOA – Host Property.
  - Entrepôt owns and maintains the system.

## Package Delivery and Pick-Up Process

1. Carrier places package into Package Terminal using unique access code. Entrepôt subscriber will receive Text & Email alert with Access Code and QRC.

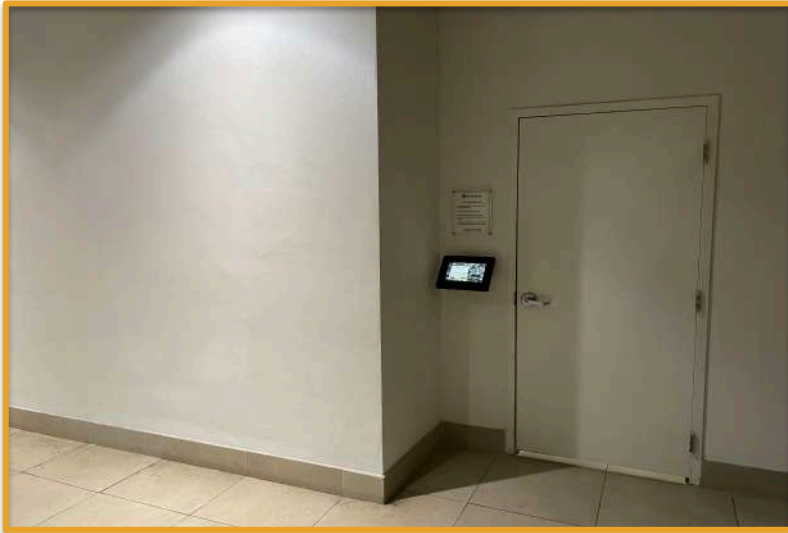

2. Package recipient arrives at Package Terminal and enters Access Code or Scan QRC.

3. Package Terminal door opens and package is retrieved.
